Dear Mrs. Boggs:

Thank you for taking the time to answer our questions about your business! You provided us with lots of information that we would never have considered otherwise. It was so interesting to learn that the heart and soul of the company is in the specials. It was also interesting to learn that 500 to 2,000 people come into Mama's per day. One important thing that we learned, thanks to you, is that Mama's likes to be near houses, apartments, shopping centers, and grocery stores. This was extremely helpful in locating a suitable location for our project.

For our project, we were assigned to move Mama's to Colombia. We needed to have background information on Mama's as a business so that we could pick the perfect location. We also needed to learn all about what goes into opening a restaurant, and how everything is run. Thanks to you, we got all the information needed in order to make this move a success.

We would like to formally invite you to watch our presentation on April 17, 2021. We will present our project and try to convince the judges to hire us to move Mama's on 39. We hope you can make it!

Sincerely,

Tyla Cecola
